**Item taken out of order** **Item 62.4**  
**To consider submitting a planning application for the proposed permanent cricket nets including engaging a planning agent**  
It was resolved that Boxted Cricket Club, Mr Hamblion, would meet with Cllr Oxford to draw up suitable plans that can form part of the planning application. It was also resolved that the cost of the planning application would be split 50/50 between the cricket club and the Parish Council.

**Item taken out of order** **Item 62.3**  
**To review the hirers agreement and consider the comments made by hirers**  
It was agreed that there would be no increase in hiring fees for 2019/20.  
The clause in the Conditions of Hire Agreement saying that exclusive use of the field was not guaranteed would remain.  
It would not be possible to mandate that the clubs could use the lounge facilities of the Hub as the Hub is leased and it is for the leasee to decide opening hours etc. However, this would be added to the agenda for the Hub Working Group meeting on Monday 15<sup>th</sup> April so that it could be discussed between the clubs and the Hub lease.  
The Parish Council decided to leave in the Agreement the requirement to provide dates for use of facilities but recognised that the hirers often swapped dates between themselves.  
Regarding Fire Safety it was recognised that when hirers are in the Hub lounge, they come under the responsibility of the Hub Manager but when using the Sports Changing side of the building the following clauses would be removed:

- 2 people designated for fire evacuation must be in the building and this must be recorded. This would be replaced with hirers must ensure all of the people entering the sports side must be aware of the evacuation routes and assembly point.
- A monthly fire drill requirement
- Hirers are responsible for fire training and keeping this up to date.

It was agreed that hirer equipment left permanently in the changing room side would be PAT tested as part of the Parish Council PAT testing, equipment brought in temporarily must be PAT tested by the hirer.

A section would be added to the Agreement to cover the defibrillator, confirming the defibrillator is the property of the clubs and the cabinet in the property of the parish council. The Parish Council would ensure the defibrillator checks were complete.

The flood light situation would be discussed with the football hirers

The cricket club wished to keep the clause in the Agreement that states that the footballers will not be allowed to use the cricket outfield without agreement from the Clerk. This would be discussed at the Hub Working Group meeting on 15<sup>th</sup> April 2019 and the Parish Council would seek views on marking out a war up training area.

The churning up of the grass by vehicles was discussed and it was resolved to seek quotes for grass support.

It was resolved to amend the hirers Conditions of Hire Agreement to reflect these changes and request all hirers sign for 2019/20.

The issue of paying for grass repair and treatment and reclaiming from the hirers was raised but not changed in the Agreement. The Parish Council resolved to ask VERTAS (new grass cutting contractors) to recommend any grass repairs that were necessary.

**19/62.6 To consider any action to improve security to deter unauthorised encampments.**  
The clerk reported that if Boxted Parish Council land did have an unauthorised encampment the first thing to do would be to contact the Essex Countywide Travellers Unit (ECTU). They manage all unauthorised encampments on council land within the borough. This includes parish council land. The ECTU have no powers for immediate eviction but will attend the site within 24 hours of receiving the initial complaint. The ECTU will need physical proof that the parish owns the land which are stored on Boxted Parish Council electronic directory. The second action is to contact the police. (If an act of crime is in progress, you should dial 999.) Finally, email Belinda (belinda.silkstone@colchester.gov.uk) who can keep all updated alongside the Ward Councillors until possession of the land is regained.

The police advise that councils should consider making encampment harder with some of the following suggestions:

- replacing wooden gates with metal gates;
- reversing the hinges of gates/ to help stop gates from being lifted clear or being rammed
- shield guards fitted to cover padlocks;
- ground anchor fitted to prevent ramming vehicles.
- locking bollards located directly behind gates, second form of defence;
- tree planting

ECTU details are 03330 131427 or 03330 137870 Open 9am to 5pm Monday to Friday.  
For out of hours contact the number is: 03330 321110

The council has arranged for the car park gate to have the hinges reversed, the playing field barrier to be replaced with a gate (the hinges will be reversed), and the padlocks would be made difficult to access. More secure fencing would be considered as part of the S106 spend on the Playing Field.
